X-Stinked...

A liquid concentrate of specially selected multi-cultured bacterial strains. These catalysts work synergistically for the fastest action available in a liquid digestant "Using Nature's Own Cleaning Agents".

X-STINKED contains a blend of 4 selectively adapted bacillus organisms, all of which have been adapted for accelerated degradation of organic compounds such as perspiration.

Use on gym bags, hockey bags, shoes, skates, clothes and protective equipment etc.

X-STINKED works on contact, zaps odours naturally.

All Natural Earth Friendly Formula.

...nature's way of helping you clean up.
